Product name:	Product code:
Projection Welding Machine	CMI-NP-0782

Description

Projection Welding Machine is a projection welder with flat platens, designed for welding nuts, studs and embossed sheets. Key features include flat copper platens and air press.

Technical specification

Weight	approx. 300 kg

The Projection Welding Machine is a projection welder with flat platens. It is built for welding nuts, studs and embossed sheets.

Features

- Flat copper platens
- Air press
- Sequence timer
- Water cooled

Technical Specifications

Rated power	40 kVA
Input	415 V AC, 3 phase, 50 Hz
Press force	4 kN
Platen	100 x 150 mm
Welding time	Adjustable
Cooling	Water
