NAUGRA®

Product name:	Product code:
Cordless Straight Grinder	CMI-NP-0784

Description

Cordless Straight Grinder is a battery straight grinder, designed for grinding and polishing without a mains cable. Key features include li-ion battery and brushless motor.

Technical specification

The Cordless Straight Grinder is a battery straight grinder. It is built for grinding and polishing without a mains cable.

Features

- Li-ion battery
- Brushless motor
- LED
- Variable speed

Technical Specifications

Voltage	18 V
Collet	6 mm
Speed	up to 25000 rpm
Battery	4 Ah
Charger	230 V AC, 50 Hz
Runtime	approx. 40 min
Weight	approx. 1.4 kg
