Product name:	Product code:
Cement Weigh Batcher with Screw Feeder	CMI-NP-0921

Description

A cement weigh batcher with screw feeder and load cell hopper to measure the cement quantity precisely for each concrete batch in laboratory and small batching plants.

Technical specification

Discharge	Pneumatic butterfly valve
Hopper material	Mild steel, painted
Indicator	Digital LED
Power supply	415 V AC 3 phase

Standard Accessories

- Dust filter bag

A screw conveyor feeds cement into a sealed weigh hopper. The controller stops feeding at the set weight and discharges to the mixer.
