Product name:	Product code:
Twin Hopper Aggregate Weigh Batcher 1000 kg	CMI-NP-0924

Description

A twin hopper weigh batcher that weighs two aggregate sizes separately, used in batching plants and laboratories for accurate mix design proportioning.

Technical specification

Discharge	Pneumatic gate
Air pressure	6 bar
Indicator	Digital, 2 channel
Power supply	230 V AC 50 Hz

Standard Accessories

- Calibration weights set

Two hoppers with independent load cells allow coarse and fine aggregates to be batched together. The unit feeds directly to the mixer through gated chutes.

Features
