Product name:	Product code:
Six Floor PLC Elevator Training System	CMI-NP-1108

Description

PLC controlled six-floor elevator model with inverter drive and call stations for programming lift logic, group control and fault finding in mechatronics and building services courses.

Technical specification

Sensors	Magnetic, proximity
Dimensions	900 x 700 x 1800 mm

Standard Accessories

- Programming cable
- Wiring diagram
- Experiment manual

PLC controlled six-floor elevator model with inverter drive and call stations for programming lift logic, group control and fault finding in mechatronics and building services courses.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Six-floor car model
- PLC with inverter drive
- Programmable logic exercises
- Floor call and indicator panel
- Open fault terminals

Technical Specifications

Supply	230 V AC, 50 Hz, single phase
Floors	6
PLC	24 I/O, relay or transistor
Drive	0.4 kW VFD with motor
Car	Acrylic, sliding door
