Product name:	Product code:
Modbus RTU and RS485 Communication Training System	CMI-NP-1162

Description

System demonstrating master and slave communication over RS485 between PLC, drive and meter for learning Modbus frames and serial diagnostics. Key highlights include master and slave devices and rS485 wiring practice.

Technical specification

Software	Frame monitor
Dimensions	900 x 500 x 600 mm

Standard Accessories

- Communication cables
- Manual

System demonstrating master and slave communication over RS485 between PLC, drive and meter for learning Modbus frames and serial diagnostics. Key highlights include master and slave devices and rS485 wiring practice.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Master and slave devices
- RS485 wiring practice
- Frame analyser software
- Drive and meter nodes
- Termination resistor setting

Technical Specifications

Supply	230 V AC, 50 Hz, single phase
Protocol	Modbus RTU
Interface	RS485, RS232
Nodes	PLC, VFD, energy meter
Baud	9600-115200
