Product name:
Solar Charge Controller and Inverter Automation Training System

Product code:
CMI-NP-1241

Description

System with a PV simulator, MPPT charge controller, battery and inverter to teach automatic power management in solar installations. Key highlights include pV simulator supply and mPPT charge controller.

Technical specification

Inverter	500 VA
Meters	Digital
Communication	RS485
Dimensions	900 x 600 x 700 mm

Standard Accessories

- Test leads
- Manual

System with a PV simulator, MPPT charge controller, battery and inverter to teach automatic power management in solar installations. Key highlights include pV simulator supply and mPPT charge controller.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- PV simulator supply
- MPPT charge controller
- Battery bank
- Inverter and load
- Data monitoring

Technical Specifications

Supply	230 V AC, 50 Hz, single phase
PV simulator	0-60 V, 10 A
Controller	MPPT, 20 A
Battery	12 V, 40 Ah
