Product name:	Product code:
Corona and Flashover Demonstration Apparatus	CMI-NP-1274

Description

Demonstration unit with electrodes and insulators showing corona discharge, flashover and surface breakdown under high voltage with safety enclosure. Key highlights include rod and plane electrodes and insulator strings.

Technical specification

Control	Variac
Dimensions	800 x 600 x 900 mm

Standard Accessories

- Earthing rod
- Manual

Demonstration unit with electrodes and insulators showing corona discharge, flashover and surface breakdown under high voltage with safety enclosure. Key highlights include rod and plane electrodes and insulator strings.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Rod and plane electrodes
- Insulator strings
- Visible corona glow
- Transparent safety cage
- Interlocked supply

Technical Specifications

Supply	230 V AC, 50 Hz, single phase
Voltage	0-50 kV AC
Electrodes	Rod, plate, wire
Insulator	Pin and disc
Cage	Acrylic
