NAUGRA®

Product name:	Product code:
Hydraulic Circuit Design and Simulation Software Trainer	CMI-NP-1296

Description

Trainer pairing a hydraulic bench with simulation software so students design circuits virtually, then build and test them on real components. Key highlights include circuit design software and real component bench.

Technical specification

Cylinders	2 nos
Bench	1200 x 600 x 1500 mm

Standard Accessories

- Software CD
- Manual

Trainer pairing a hydraulic bench with simulation software so students design circuits virtually, then build and test them on real components. Key highlights include circuit design software and real component bench.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India

- Circuit design software
- Real component bench
- Simulation versus measurement
- Component library
- Quick coupling hoses

Technical Specifications

Supply	415 V AC, 3 phase
Software	Fluid power simulation
PC	Desktop included
Pump	2.2 kW
Pressure	0-60 bar
