Product name:	Product code:
Earthing and Protection Systems Trainer	CMI-NP-1315

Description

Earthing and Protection Systems Trainer is a training unit designed for demonstrating earthing methods, earth resistance and protection device operation.

Technical specification

Panel	MS powder coated
Power Supply	230 V AC, 50 Hz

Standard Accessories

- Test leads
- Manual

The Earthing and Protection Systems Trainer is a training unit built for demonstrating earthing methods, earth resistance and protection device operation.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India
Email us at: export@civilmechanicalindia.com

- Demonstrates plate and pipe earthing
- Earth fault simulation
- Includes RCCB and fuse tests
- Digital earth resistance measurement
- Low voltage safe operation

Technical Specifications

Earth Resistance Range	0 to 2000 Ohm
Earth Electrodes	plate and pipe models
Fault Simulation	3 types
Protective Devices	RCCB, MCB, fuse
Test Meter	digital earth tester
