Product name:	Product code:
Elevator Fault Finding and Maintenance Training Panel	CMI-NP-1435

Description

Elevator Fault Finding and Maintenance Training Panel is a training panel designed for diagnosing faults in lift controllers, safety circuits and sensors.

Technical specification

Panel	MS
Supply	230 V AC, 50 Hz

Standard Accessories

- Test leads
- Manual

The Elevator Fault Finding and Maintenance Training Panel is a training panel built for diagnosing faults in lift controllers, safety circuits and sensors.

Features

NAUGRA®
Civil Laboratory Equipment Manufacturers and Suppliers India Civil Lab Exportrs India
