Product name:	Product code:
Ion Exchange Column Study Unit	CMI-NP-1479

Description

Ion Exchange Column Study Unit is a laboratory unit designed for studying ion exchange resin capacity and regeneration.

Technical specification

Standard Accessories

- Resin
- Manual

The Ion Exchange Column Study Unit is a laboratory unit built for studying ion exchange resin capacity and regeneration.

Features

- Two glass columns
- Feed and regeneration tanks
- Flow meters
- Conductivity meter
- Resin included
