Product name:	Product code:
Logistics Trainer Conveyor Transport Module	CMI-NP-1741

Description

Logistics Trainer Conveyor Transport Module is a belt conveyor with sensors and stoppers for moving containers. It is used for teaching the transport of goods in logistics automation.

Technical specification

Sensors	Optical
Frame	Aluminium profile

Logistics Trainer Conveyor Transport Module is a belt conveyor with sensors and stoppers for moving containers. It is designed for teaching the transport of goods in logistics automation. Key highlights include belt conveyor with DC motor, container stoppers and photoelectric sensors.

Features

- Belt conveyor with DC motor
- Container stoppers
- Photoelectric sensors
- Direction reversal
- Aluminium frame

Technical Specifications

Conveyor Length	800 mm
Belt Width	120 mm
Speed	0 to 15 m/min
Drive	24 V DC
