Product name:	Product code:
Optical Automation Line Assembly Assessment Device	CMI-NP-1786

Description

Optical Automation Line Assembly Assessment Device is a mini automation line with feeding, optical inspection and rejecting for system level assessment.

Technical specification

Worktable	Aluminium profile frame

Standard Accessories

- Task sheets
- Connecting cables
- Assessment guide

The Optical Automation Line Assembly Assessment Device is a mini automation line with feeding, optical inspection and rejecting for system level assessment. It is designed for training and skill assessment of students on opto-mechatronic systems with fault finding and performance scoring.

Features

- Industrial grade optical and mechanical parts
- Task sheets and scoring forms provided
- Robust aluminium profile worktable
- Assessment faults inserted by examiner key

Technical Specifications

Stations	4 stations
Inspection	Camera or optical sensor
Cycle time	6 s/part
Supply	230 V AC, 50 Hz, single phase
Controller	PLC, 24 V DC I/O
