Product name:	Product code:
Industrial Double Sided PCB Engraver	CMI-NP-1808

Description

Industrial Double Sided PCB Engraver is a rigid high accuracy engraver intended for small batch double sided PCB production.

Technical specification

Interface	USB to PC

Standard Accessories

- Engraving bits set
- Drill bits set
- Software CD

The Industrial Double Sided PCB Engraver is a rigid high accuracy engraver intended for small batch double sided PCB production. It is designed for making printed circuit boards by mechanical engraving, drilling and routing without chemicals.
