Product name:	Product code:
Double Head PCB Engraving Machine	CMI-NP-1813

Description

Double Head PCB Engraving Machine is a double spindle machine that engraves and drills at once to raise throughput.

Technical specification

Standard Accessories

- Engraving bits
- Clamp set
- Software CD

The Double Head PCB Engraving Machine is a double spindle machine that engraves and drills at once to raise throughput. It is designed for engraving, drilling and routing of copper clad boards for prototype PCBs in labs and workshops.

Features

- Quiet high speed spindle
- Safe enclosure with emergency stop
- CNC controlled isolation routing of copper tracks
- Software accepts Gerber and drill files

Technical Specifications

Heads	2 spindles
Area	300 x 300 mm
Speed	10 m/min feed
Supply	230 V AC, 50 Hz, single phase
Axes	X, Y, Z stepper driven
Interface	USB
