NAUGRA®

Product name:	Product code:
Mini PCB Engraving Machine for Schools	CMI-NP-1817

Description

Mini PCB Engraving Machine for Schools is a compact engraver for school and college electronics labs.

Technical specification

- Engraving bits
- Clamp set
- Software CD

The Mini PCB Engraving Machine for Schools is a compact engraver for school and college electronics labs. It is designed for engraving, drilling and routing of copper clad boards for prototype PCBs in labs and workshops.

Features

- Automatically isolation routing of copper tracks
- Software accepts Gerber and drill files
- Rigid steel or aluminium frame
- Quiet high speed spindle

Technical Specifications

Area	120 x 100 mm
Resolution	0.025 mm
Spindle	12000 rpm
Supply	230 V AC, 50 Hz, single phase
Axes	X, Y, Z stepper driven
Interface	USB

Standard Accessories
