NAUGRA®

Product name:	Product code:
PCB Engraving Machine with Microscope Inspection	CMI-NP-1819

Description

PCB Engraving Machine with Microscope Inspection is an engraver with a camera and monitor for viewing tracks while engraving.

Technical specification

Interface	USB

Standard Accessories

- Engraving bits
- Clamp set
- Software CD

The PCB Engraving Machine with Microscope Inspection is an engraver with a camera and monitor for viewing tracks while engraving. It is designed for engraving, drilling and routing of copper clad boards for prototype PCBs in labs and workshops.
