NAUGRA®

Product name:	Product code:
Chain and Sprocket Drive Training Device	CMI-NP-1895

Description

Chain and Sprocket Drive Training Device is a device for aligning sprockets and adjusting chain tension.

Technical specification

- Dial gauges
- Spanner set
- Shims set

The Chain and Sprocket Drive Training Device is a device for aligning sprockets and adjusting chain tension. It is designed for practical training in shaft coupling, alignment, bearings and power transmission for mechanical maintenance.

Features

- Safety guarded rotating parts
- Portable base with adjustable motor and driven shafts
- Realistic coupling and alignment tasks
- Dial gauge and laser alignment practice

Technical Specifications

Chain	Roller, 06B
Sprockets	2 nos
Tension	Idler
Motor	0.37 kW, 1440 rpm, 230 V
Base	MS plate with T-slots
Guard	Transparent polycarbonate
