NAUGRA®

Product name:	Product code:
Compressed Air Pressure Regulation Training System	CMI-NP-1933

Description

Compressed Air Pressure Regulation Training System is a trainer on regulators, relief valves and pressure control in compressed air systems.

Technical specification

Transmitter	4 - 20 mA

Standard Accessories

- Tubes
- Controller manual
- Fittings

The Compressed Air Pressure Regulation Training System is a trainer on regulators, relief valves and pressure control in compressed air systems. It is designed for studying pressure measurement and control loops including PID tuning of a process pressure vessel.

Features

- PC data acquisition option
- Pressure vessel with transmitter and control valve
- PID controller or PLC based control
- Open and closed loop experiments

Technical Specifications

Regulator	0 - 8 bar
Reservoir	10 L
Relief	Set 8 bar
Supply	230 V AC, 50 Hz, single phase
Pressure range	0 - 6 bar
