NAUGRA®

Product name:	**Product code:**
Diesel Engine Fuel Injection System Training Stand	CMI-NP-2117

Description

Stand with engine fuel injection pump, injectors and fuel lines mounted for study of diesel fuel delivery. Allows injection timing and pressure experiments. Students study pump operation, test injector pressure and learn timing and bleeding procedures.

Technical specification

Tank	10 litres
Gauge	0-400 bar
Power Supply	230 V AC, 50 Hz, single phase
Construction	Powder coated MS frame with laminated work surface and labelled terminals

Standard Accessories

- Patch cord set
- Instruction manual
- Experiment manual

The Diesel Engine Fuel Injection System Training Stand is designed for ITI, polytechnic and TVET laboratories. Students study pump operation, test injector pressure and learn timing and bleeding procedures.

Features
