NAUGRA®

Product name:	**Product code:**
Collaborative Welding Robot Training Station	CMI-NP-2173

Description

Collaborative robot with welding torch and hand guiding programming for safe operator interaction. Used in welding training in small workshops. Students hand guide the arm to teach seams and learn force limited safety.

Technical specification

Weld Source	250 A MIG
Power Supply	230 V AC, 50 Hz, single phase
Construction	Powder coated MS frame with laminated work surface and labelled terminals

Standard Accessories

- Patch cord set
- Instruction manual
- Experiment manual

The Collaborative Welding Robot Training Station is designed for ITI, polytechnic and TVET laboratories. Students hand guide the arm to teach seams and learn force limited safety.
