NAUGRA®

Product name:	Product code:
Core Inside Diameter Go No-Go Plug Gauge Set	CMI-IND-0062

Description

Hardened plug gauge set with go and no-go ends for checking the inside diameter of paper cores from 25 to 150 mm. Used on core production lines and at film, tape and textile converters.

Technical specification

Standards	ISO 11093-1 (core dimensions)
Set	5 double-ended gauges

Standard Accessories

- Wooden case
- Rust-preventive oil
- Handle sleeves

Each gauge has a go end and a no-go end ground to the tolerance of a standard core bore. Operators can check lines quickly without measuring instruments. The set covers common core bores used for yarn, film and paper rolls.
