Product name:	Product code:
Go No-Go Gauge Set for Plastic Cap Threads	CMI-IND-0196

Description

Set of precision thread and dimension gauges for checking neck finish and cap dimensions on plastic closures. Used by cap moulders and bottlers for line checks.

Technical specification

Standards	ISO 28/410 style GPI finish, ISO 8106 (principle)
Case	Wooden

Standard Accessories

- Case
- Calibration certificate

Thread plug and ring gauges and height gauges verify cap internal diameter, thread pitch and height. Go and no-go members provide a fast pass or fail decision. Sets are available to match standard neck finishes such as 28 mm PCO 1810.
