Product name:	Product code:
Gloss Meter Triple Angle for Paint and Coatings	CMI-IND-0396

Description

Meter reading gloss at 20, 60 and 85 degrees for painted and coated surfaces. Used in paint production and automotive finishing. Readings help hold batch-to-batch appearance within customer limits.

Technical specification

- Cal tile
- Case

A narrow beam is reflected from the coating and measured against a standard. The 20 degree angle suits high gloss and the 85 degree angle suits matt finishes.
