Product name:	Product code:
Raffia Tape Denier and Tenacity Testing Machine	CMI-IND-0492

Description

Tester with pneumatic grips and a denier balance that gives linear density, tenacity and elongation of single polypropylene raffia tapes. Used by tape extrusion plants and woven fabric mills.

Technical specification

- Pneumatic grips
- Denier wheel
- Cutter

A single tape is clamped between pneumatic clamps and stretched. Linear density is measured on a balance and tenacity in cN/tex is computed.
