NAUGRA®

Product name:	Product code:
Squirrel Cage Induction Motor	EEA0005

Description

Squirrel Cage Induction Motor

Technical specification

Squirrel Cage Induction Motor Manufacturer
Features:

Hydraulically pressed best quality silicon stamping stator.
The Frame made of superior quality cast iron used to make the outer yoke
These are straightened with dimensionally accurate rotor manufactured from high quality Aluminum.
Stator is perfectly impregnated with vacuum pressure to ensure the excellent insulation strength
Terminal box is properly engraved with all terminals.
Dynamically balanced brake drum pulleys
For the accurate readings of the machines the robust frame with durable bolts, balance with acc
Proper reading is ensured by the use of spring balanced dial that measures things with accuracy and C.P. Handles that is attached with
the robust base frame using heavy-duty bolt.
Ratings: 1ph 220V, 50Hz, 3ph, 415Volts, 50Hz. 0.5H.P to 15HP
