Product name:	Product code:
Wood Working Blade Grinders Machine	SEL-0033

Description

Wood Working Blade Grinders Machine

Technical specification

Voltage: 110V, Power: 370W, Grinding Wheel Size?4.92".
The circular saw blade grinder is designed for sharpening various kinds of carbide tipped saw blades from size 80mm to 700mm.
Circular saw blade grinder can have a very good co-operation with the diamond sanding wheel.
The saw blade sharpener with steel chassis construction, strong structure.

	mm/inch
Max. grinding capacity	330/13"
Grinding wheel diameter	150/6"
Power required HP/RPM	0.5/1440
Approx. weight of m/c-kg	70
