Product name:	Product code:
Soil Hydrometer	Soil0035

Description

Soil Hydrometer

Technical specification

Soil Hydrometer

Soil Hydrometer from Civil Mechanical Laboratory India

Soil Hydrometer Hydrometer jars are used to suspend soil hydrometers in sodium hexametaphosphate solution for determining the amount of soil particles in a dispersed suspension. Soil Hydrometer for Civil Engineering from Laboratory Equipment Manufacturers India - Jar is 18? high x 2.5? diameter marked for a volume of 1000 ml
