Product name:	Product code:
Three Phase Catalytic Converter	Chemical0015

Description

Three Phase Catalytic Converter

Technical specification

Three Phase Catalytic Converter Three Phase Catalytic Converter:

- Pressure reducer with transducer.
- Reactor with magnetic stirrer and heating coil.
- Thermostatic bath with digital thermostat.
- Data acquisition software for Windows.

Power Supply:-

- 230 Vac 50 Hz single-phase -500
- VA (Other voltages and frequencies available on request)
