Product name:	Product code:
AC/DC Load	Educational0013

Description

AC/DC Load

Technical specification

AC/DC Load is an important device in all the Electrical laboratories. One can connect a load upto 1.2KW using this product. The device comes with On Board Switches, so that one can vary the load as required, in steps of 100W.

Technical Specifications

- Mains Supply : AC / DC, 230V ±10%
- Load Range : 0 – 1.2 kW, in steps of 100W
- Load Type : Resistive (Lamp Load)
- Ammeter (MI) : 10A
- Dimensions (mm) : 450 W ´ 600 D ´ 450 H
