Product name:	Product code:
Home Electrical Wiring Training System	Educational0016

Description

Home Electrical Wiring Training System

Technical specification

Home Electrical Wiring Training System is a product which is helpful for students to get familiar with home wiring circuits. This product provides a realistic training environment which is essential for every electrical engineering student and also for apprentice electrician. It consists of Single Phase Energy Meter, MCB, Controlling Switches, Tube Light with Choke, Regulated Switch, Ceiling Fan, etc. Good quality safe terminals and sockets are provided at appropriate places on board for power supply and load connections.

Features:

- Easy diagrammatic representation of circuits
- Energy Meter, Voltage and Current display on Graphical LCD (128×64)
- Test points are provided to measure the voltages at different points
- Designed after considering all safety standards
- Low Cost Training System

Technical Specifications:

- Supply Voltage : 230V AC ±10%, 50 Hz
