| Product name: | Product code: |
| --- | --- |
| Modular Artificial Solar Source | EEW0006 |

## Description

Modular Artificial Solar Source

## Technical specification

parabola.

Note : Two-lamps elements of the solar source can also be supplied on request.
Dimensions and weight

1000 x 850 x 200 mm
Weight : 50 kg

Essential requirements

220/380 V, 50 Hz, 3 phases 6 kW

Modular Artificial Solar Source Manufacturer
Modular Artificial Solar Source

The spectral distribution of the solar radiation and that of the artificial source are compared in the table below. It will be seen that the similarity is quite good, the radiative power in the range of wavelength 0.4µm Technical specifications

NAUGRA®

Lamps :

Number : 6
Power : 1000 W each
Voltage : 220/380 V, 50 Hz, 3-phase
Life : 2000 hours
Type : double envelope halogen

Mirrors :

Material : special surface aluminium
Shape : parabolic
Radiation received by the mirrors is in part diffused and in part reflected to form a beam parallel to the axis of the
