Product name:	Product code:
Sectioned Manual Gearbox Trainer	AUT0-0039

Description

Sectioned Manual Gearbox Trainer

Technical specification

This trainer provides the instructor with a complete manual gearbox for group or whole-class demonstration, mounted on a steel plate for use on a workshop bench or classroom desk.

The gearbox is operated by hand and is sectioned so that all moving components can be seen and the way they interact can be observed.

The trainer allows the instructor to demonstrate the following:-

The position and mounting of all manual gearbox components

Gear selection using selector lever and selector forks

Reverse gear selection using selector lever and selector fork

Differential

Clutch housing

Speedo drive
