Product name:	Product code:
Microwave Components System	ELC-MWE-0001

Description

Microwave Components System

Technical specification

A Klystron Based Microwave Bench Setup consist of Instruments are Klystron based Power supply, VSWR Meter, Components are Cooling Fan, Detector Mount, Fixed Short, D.R.F. Meter, Isolator, Klystron Mount, Matched Termination,Movable Short, S S Tuner, Slotted Section, Tunable Probe, Variable Attenuator 20 dB.

B GUN Based Microwave Bench Setup consist of Instruments are GUN based Power supply, VSWR Meter.Components are Cooling Fan, Detector Mount, Fixed Short, D.R.F. Meter, Isolator, Gunn Oscillator, Matched Termination, Movable Short, S S Tuner, Pin Modulator, Slotted Section, Tunable Probe, Variable Attenua-tor 20 dB.
