Product name:	Product code:
High-Voltage Power Supply	ELC-VOL-0001

Description

High-Voltage Power Supply

Technical specification

High-Voltage Power Supply

Unit with limitations of eddy current and voltage display.

Input voltage: 220-240VAC 10%

Output DC voltage: 0 - 10000V / 10 mA

Output AC voltage: 6.3V/3A

Dimensions: 132 x 160 x 270 mm
