Product name:	Product code:
UV Visible Spectrophoto Meter and Accessories	NEECHL0276

Description

UV Visible Spectrophoto Meter and Accessories

Technical specification

UV/Visible Scanning Spectrophotometer, 1.5-nm Bandwidth Complies with ISO 9001, 2008 Certificate
Wavelength range 190 to 1100nm Wavelength resolution 0.1nm Wavelength accuracy ± 1.0nm Wavelength repeatability ± 0.2nm Spectral bandwidth 1.5nm Transmittance 0 to 199.9%T Absorbance - 0.300 to 3.000A Accuracy ± 0.005A at 1.0A Resolution 0.1%T, 0.001A Stability Quantitation range - 99999 to +99999
Quantitation resolution selectable 1, 0.1, 0.01 or 0.001
Installation and onsite training included
