Product name:	Product code:
Potato Planter Seeder	NUGEE0028

Description

Potato Planter Seeder

Technical specification

Power source: above 50HP tractor, 3 point HItch system category II,
Type: double row, Row spacing(cm): 12, Seed box (M3): 0.24*2 (×10%), Matched power(hp): 50-90hp, Planting distance(cm): 28-35, Ridge space (cm): 50-100, Working speed (hm2/h): 0.6-1. Seeder machine is a set of furrow fertilization and furrow sowing, fertilizer separation, rotary tillage ridge, spraying, film one-time completion of potato planting single ridge double line integrated planting machinery.
