Product name:	Product code:
Two Man Earth Auger	NUZGS0047

Description

Two Man Earth Auger

Technical specification

The type of engine:four-stroke. Displacement:212CC. Starting method: Recoil Start
Oil tank capacity:3.6L. Engine oil capacity:0.6L. Maximum power: 5.9kw. Maximum torque: 17.3N.m. Sparking mode: Transistor ignition magnets(contactless). Cooling system: forced cooling
Gear ratio for smooth operation: 30:1, Accommodates 4" to 18" diameter auger bits
Included: spring vibration damper.
- Earth auger C2 type, 65Mn steel, Metal 65Mn steel, hardness 50º, bit dia 200 length 1m - 2pcs, Earth auger bit dia 250 length 1m - 3 pcs, Earth auger bit dia 300 length 1m - 3pcs
- Earth auger C3 type, 65Mn steel, Metal 65Mn steel, hardness 50º, bit dia 200 length 1m - 2pcs, Earth auger bit dia 250 length 1m - 3 pcs, Earth auger bit dia 300 length 1m - 3pcs
- 2 spare air filters
