

Product name:
Fat Glyceryl Tristearate Molecular Model Kit

Product code:
CIVIL-MOL-134-0003

Description

Fat Glyceryl Tristearate Molecular Model Kit

Technical specification

The model kit builds on fat glycerol tristearate molecule.

Provides a great visual display.

The self-assembly fat glycerol tristearate molecular model.

Includes 173 atom-parts, 65 NV links, and 1 tool.

Use the model kit to teach the molecular structure of fat Glyceryl Tristearate.
