Product name:	Product code:
C. O. D. Digestion Unit	CIVIL-IND-186-0002

Description

C. O. D. Digestion Unit

Technical specification

Determine of Chemical Oxygen Demand.
Solid State Block Heated unit with Provision for samples to be digested at a time.
38mm Dia reaction vessels with 20ml sample size o heat at temp. of 150 c ± 1 c.
Temperature is controlled by Digital Temp. Indicator cum controller.
It has provision for 15 samples.
Supplied with 15 nos. glass reaction vessels.
Fitted with a ON/Off switch.
To work on 220/230 volts AC.
