

Product Name :
Air content meters

Product Code :
TCE-0025

Description :

Air content meters

Technical Specification :

Air content meters: These apparatus have been designed to determine the air content in cement mortar, cement paste, and lime mortar. The testers are made of cast aluminium. The test pot and the upper part are sealed air-tight together by means of two quick-action spring clamps. The air is compressed by means of a built-in hand pump. This air pump and the push buttons test and correction are arranged in a simple-to-use configuration on the front plate.
