

Product Name :
Automatic Part Marking Trainer

Product Code :
CIVIL-APM-116-0001

Description :

Automatic Part Marking Trainer

Technical Specification :

This automatic part marking trainer is able to simulate the working condition of the industrial automatic part marking machine. It can print words with seal paste on the parts. It is made up of the control portion, working portion, and the host computer interface. Three control modes are adopted, which are PLC control, SCM control, and host computer control.

Features

1. Simulate industrial site
2. Adopt SCM control
3. With host computer monitoring function, the running process of the seal machine can be directly monitored on the host computer.
4. This training equipment is composed of the aluminum alloy platform, feeding mechanism, manipulator, material conveying mechanism, material sorting mechanism, and other components
