

Product Name :
Block Making Machines Hydraulic

Product Code :
SEL-0020

Description :

Block Making Machines Hydraulic

Technical Specification :

we have been able to hold all the aces in designing and developing the best Hydraulic Block Making Machine. Our engineers develop these machines using high-grade basic material and electrical components so as to bring forth high performing and user-friendly products. They understand and value divergent demands of the clients, and develop products in different technical specifications.

Features:

High compressive strength

Non-corrosive body

Longer functional life

Low power consumption

Excellent finish

Semi-Automatic, Manual & Automatic

Operation Type Automatic

Power 5 HP

Capacity 1500 Blocks/Hour

Automation Grade Automatic

Capacity (Blocks per hour) 800-1000

Method Hydraulic Pressure

Block Type Interlock & Paver
