

Product Name :
Calorimeters

Product Code :
TCE-0018

Description :

Calorimeters

Technical Specification :

The Solution Calorimeter for Cement and Concrete - is designed with a steel housing to protect the samples from environmental heat fluctuation as well as specimen-to-specimen heat transfer. Each measuring cell is also fitted with a heating element and thermoelectric conductive measuring chains for heat output readings. From the beginning of the test, the control device operates the procedure with a direct interface. The control stabilizes the thermal signal and amplifies it to be a

measurable voltage. It also monitors
