

Product Name :
Field CBR test Apparatus

Product Code :
TSE-0011

Description :

Field CBR test Apparatus

Technical Specification :

The California Bearing Ratio (CBR) field test yields in-situ strength of soils and some base course materials. The field procedure uses a loading jack to force a piston into the soil, noting the piston load and depth of penetration. The jack is loaded against dead weights or a heavy piece of equipment such as a loaded dump truck
