

**Product Name :**

Motor Transformer Maintenance and Testing Training System

**Product Code :**

CIVIL-ETE-52-0010

**Description :**

Motor Transformer Maintenance and Testing Training System

**Technical Specification :****Technical parameter of the motor transformer maintenance and testing training system**

Total dimension: 1950×700×1500mm

Input power: three-phase, five-wire 380V±10% 50Hz/60Hz

Output power: leakage protection (action current? 30mA), overcurrent protection, fuse protection,

AC220V safety terminal isolation output, AC24V safety terminals isolation output, DC220V safety terminals isolation output

Capacity: &lt; 1.5KVA

**Training content of the motor transformer maintenance and testing training system**

- 1) Training content of the training module
- 2) Single-phase transformer training content
- 3) Single-phase capacitor asynchronous motor training content
- 4) Three-phase capacitor asynchronous motor training content
- 5) DC separate excited motor training content
- 6) DC servo motor training content

---
