

Product Name :
Transparent Four Floor Elevator Trainer

Product Code :
CIVIL-BAT-160-0002

Description :

Transparent Four Floor Elevator Trainer

Technical Specification :

The transparent four floor elevator trainer adopts an aluminum frame. It employs the most common lift elevator structure and it has almost all features of the actual elevator. Actually, it can be viewed as a miniaturized elevator. Though small, each action in the elevator's running process is clear at a glance. In addition, students can operate repeatedly. Therefore, this training equipment enables

students to learn and master the structure and action principle of the elevator more thoroughly.

Technical Parameters

1. Input power supply: Single-phase three-wire system, AC220V $\pm 5\%$, 50Hz/60Hz
2. Rated power: 1.5KW
3. Environment temperature: 0~40
4. Relative humidity: 85%
5. Dimensions: 880(L) \times 660(W) \times 2450(H)mm
6. PLC: CPU12124C
7. Frequency converter: FRD720 0.4KW AC220V
8. Control method: Switch / Digital dual control and variable voltage variable frequency technology
