

Product Name :

Tubular Heat Exchangers Apparatus

Product Code :

Transfer Lab0017

Description :

Tubular Heat Exchangers Apparatus

Technical Specification :

Tubular Heat Exchangers Apparatus

Specification of Tubular Heat Exchangers

- A small-scale Tubular Heat Exchanger system for use with an DIDAC Heat Exchange Service Unit to teach the fundamental concepts of heat exchangers.
- Comprises a number of sections of concentric tubes, the outer section constructed from clear acrylic for visibility and the inner tube from stainless steel.
- The tubes are easily dismantled for cleaning.
- A comprehensive instruction manual is included.

Technical Description:

**Temperature
measurement points:**

Hot fluid inlet

Hot fluid interpositions (3)

Hot fluid outlet

Cold fluid inlet

Cold fluid interpositions (3)

Cold fluid outlet

**Number of tube
sections:**

(can also be configured for
